## Contents

**Vol. 122, No. 1, September 1984**

1 AL-SAFFAR, A., THEODORSSON-NORHEIM, E. & ROSELL, S. Nervous control of the release of neurotensin-like immunoreactivity from the small intestine of the rat

7 EKSTRÖM, J. & MALMBERG, L. Functional evidence for sprouting of decentralized parasympathetic neurons in rat urinary bladder

17 FOLKOW, B. & KARLSTRÖM, G. Age- and pressure-dependent changes of systemic resistance vessels concerning the relationships between geometric design, wall distensibility, vascular reactivity and smooth muscle sensitivity

35 PERSSON, A. E. G., WAHLBERG, J., SAFIRSTEIN, R. & WRIGHT, F. S. The effect of 2 hours of complete unilateral ureteral obstruction on tubuloglomerular feedback control

45 EKSTRÖM, J., HENNINGSSON, A.-C., HENNINGSSON, S. & MALMBERG, L. Hyperplasia and hypertrophia in the denervated and distended rat urinary bladder

49 OS, I., KJELDSEN, S. E., AAKESSON, I., SKJØTØ, J., WESTHEIM, A., EIDE, I. & LEREN, P. Arteriovenous difference of plasma vasopressin in normal man and effect of posture

55 FREDHOLM, B. B., JONZON, B. & LINDGREN, E. Changes in noradrenaline release and in beta receptor number in rat hippocampus following long-term treatment with theophylline or L-phenylisopropyladenosine

61 LIND, F. & HESSER, C. M. Breathing pattern and occlusion pressure during moderate and heavy exercise

71 ZINI, I., MERLO PICH, E., FUXE, K., LENZI, P. L., AGNATI, L. F., HÄRFSTRAND, A., MUTT, V., TATEMOTO, K. & MOSCARA, M. Actions of centrally admin-

istered neuropeptide Y on EEG activity in different rat strains and in different phases of their circadian cycle

79 SJÖDIN, L. & CONLON, T. P. Effects of gastric inhibitory polypeptide on dispersed pancreatic acinar cells from the guinea pig

85 AGARDH, E. & BAUER, B. The release of ($^3$H)-GABA from the rabbit retina

*Short Communication*

93 HARALDSSON, B. & RIPPE, B. Higher albumin clearance in rat hindquarters perfused with pure albumin solution than with serum as perfusate

*Appended Supplements*

**Supplementum 532.** AGNATI, L. F., FUXE, K. & Coworkers. Computer-assisted morphometry and microdensitometry of transmitter-identified neurons with special reference to the mesostriatal dopamine pathway.

**Supplementum 533.** LIND, F. G. Respiratory drive and breathing pattern during exercise in man.

**Vol. 122, No. 2, October 1984**

97 WAHLUND, L.-O., SÄÄF, J., ROSS, S. B., WETTERBERG, L. & SMEDBY, Y. Kinetic aspects of human platelet monoamine oxidase thermolability

103 KJELDSEN, K., NØRGAARD, A. & CLAUSEN, T. Effect of K-depletion on $^3$H-ouabain binding and Na-K-contents in mammalian skeletal muscle

119 ARNER, A., MALMQVIST, U. & UVELIUS, B. Structural and mechanical adaptations in rat aorta in response to sustained changes in arterial pressure

127 KOSKINEN, L.-O. & BILL, A. Thyrotropin-releasing hormone (TRH) causes sympathetic activation and cerebral vasodilation in the rabbit

137 THORVALDSON, J., STOKLAND, O., MOLAUG, M. & ILEBEKK, A. Cardiopulmonary blood volume during acute blood pressure elevations in dogs

145 JANSSON, E. & KAIJSER, L. Leg citrate metabolism at rest and during exercise in relation to diet and substrate utilization in man

155 EDVINSSON, L., EMSON, P., McCULLOCH, J., TATEMOTO, K. & UDDMAN, R. Neuropeptide Y: Immunocytochemical localization to and effect upon feline pial arteries and veins in vitro and in situ

165 SKÄRBY, T. Pharmacological properties of prejunctional α-adrenoceptors in isolated feline middle cerebral arteries; comparison with the postjunctional α-adrenoceptors

175 EKSTRÖM, J. & MALMBERG, L. Development of supersensitivity to methacholine in the rat detrusor following either parasympathetic denervation or decentralization

181 GUSTAFSSON, D., ANDERSSON, L. O. & LUNDVALL, J. Decrease in survival time in $\beta_2$-adrenoceptor blocked cats exposed to bleeding

187 NORLUND, L. & SEHLIN, J. Different effects of glibenclamide and the structural analogue HB 699 on the $^{45}Ca^{2+}$ uptake by *ob/ob*-mouse islets

191 GUSTAFSSON, L. E. Adenosine antagonism and related effects of theophylline derivatives in guinea pig ileum longitudinal muscle

199 JENNISCHE, E. & HANSSON, H.-A. Disulfiram is protective against postischemic cell death in the liver

203 HAKUMÄKI, M. O. K. & HYÖDYNMAA, S. J. Influence of intravenous saline infusion on the aortic baroreceptor and left atrial B-type receptor activity in dogs

*Short Communications*

209 BRODIN, E., PETERSON, L.-L., ÖGREN, S.-O. & BARTFAI, T. Chronic treatment with the serotonin uptake inhibitor zimelidine elevates substance P levels in rat spinal cord

213 EDMAN, K. A. P. & REGGIANI, C. Absence of plateau of the sarcomere length-tension relation in frog muscle fibres

217 PERSSON, A. E. G., BIANCHI, G. & BOBERG, U. Evidence of defective tubuglomerular feedback control in rats of the Milan hypertensive strain (MHS)

221 THURESON-KLEIN, Å., HEDQVIST, P. & LINDBOM, L. Ultrastructure of polymorphonuclear leukocytes in postcapillary venules after exposure to leukotriene $B_4$ in vivo

*Appended Supplement*

**Supplementum 534.** HÄGGSTRÖM, J.-E., SJÖQUIST, B., ECKERNÄS. S.-Å., INGVAST, A. & GUNNE, L. M. Discrete regional distribution of biochemical markers for the dopamine, noradrenaline, serotonin, GABA and acetylcholine systems in the monkey brain (Cebus Apella). Effects of stress.
